

SAFETY THROUGH VISIBILITY

America's Leading Supplier of Fleet Safety Products

Today's safety standards and regulatory landscape have made one thing clear to fleet operators: Commercial fleets need video.

Telematics alone is not enough. Combining telematics data with high-definition video lets fleet operators see exactly what's happening in the field. That's where Safe Fleet comes in.

Our video systems are fully integrated within the Geotab interface, so fleet operators can stream live video feed, search and download recorded footage, and see video associated with any Geotab exception rule.

For decades, Safe Fleet has helped thousands of fleet operators improve safety and reduce risk with fleet video solutions. We're proud to bring 100+ years of experience to the Geotab Marketplace in our continuing mission to drive safety forward for today's and tomorrow's fleets.

Brochure

Why Safe Fleet?

Versatility

Our diverse portfolio of HD cameras and live-stream DVR options cater to fleet types of every variety and size. From high-resolution cameras around your trailer, to interior IP cameras securing valuable cargo, to DVRs with up to 17 channels for a whole fleet, we've got you covered at every angle.

Cost Effectiveness

On a budget? You'll pay ONLY for your streamed video. Safe Fleet will not charge gateway fees, software fees, or monthly hosting fees for video services - a rare feature in our business.

Support

We have a nationwide network of service centers and experts ready to provide installation guidance, preventative maintenance, and replacement/repair services. Fleets come to us with the knowledge that Safe Fleet products are protected for years to come.

Get a Full View of Your Fleet Operations

View video right from the Geotab Map.

Safe Fleet video footage is accessed seamlessly within the My Geotab environment, providing fleet managers with a comprehensive view of their vehicle operations.

BETTER ACCIDENT INVESTIGATION See who is to blame in an accident to avoid fraudulent claims.

COACH SAFER DRIVING Download and view video associated with any Geotab exception rule.

VERIFY SERVICE DELIVERY Prove a stop was made, package delivered, or curbside pick-up happened.

Get an Extra Set of Eyes on Your **Vehicles**

No matter what your safety problem is, we've got a fleet video product to solve it.

High-definition safety cameras and mobile DVRs capture realtime video footage to help keep everyone safe and resolve disputes.
