T1070 Series / Dual Purpose Safety Vent II

The Dual Purpose Safety Vent II is a combination roof ventilator/emergency exit that provides 5-position fresh air ventilation and simple release handle that allows the hatch to hinge open for emergency exit.

Additional Features

- Interchangeable with earlier Transpec models
- Available in various radiuses to fit different roof curvatures
- Constructed of high strength UV/Color shift stable materials
- Available with optional adhesive sealant

T1670 Series / Power Safety Vent II

The Power Safety Vent II provides all the features of the Triple Value Safety Vent II with the addition of an electric fan for extracting condensation, stale or hot air from inside the vehicle to improve passenger comfort.

Additional Features

- Interchangeable with earlier Transpec models
- Available in 12 and 24 volt
- Available in various radiuses to fit different roof curvatures
- Constructed of high strength UV/Color shift stable materials
- Meets D250 Standard for Canadian school bus
- Available with optional adhesive sealant

T2070 Series / Motorized Safety Vent II

The Motorized Safety Vent (MSV) is an electronically operated combination roof ventilator/emergency exit that provides fresh air ventilation as well as a simple release handle that allows the hatch to hinge open for emergency exit. The ventilation portion of the hatch is controlled by a simple switch contained within the driver's compartment of the vehicle on which it is installed.

Additional Features

- Interchangeable with earlier Transpec models
- Constructed of high strength UV/Color shift stable materials
- Available with optional adhesive sealant

T2870 Series / Glass Roof Hatch

The SMI Glass Roof Hatch is the newest addition to the SMI family of roof hatches. It is made of 4mm tempered glass with gray tint featuring an 18% light transmission and is available in a Dual Purpose Hatch.

Additional Features

- Interchangeable with earlier Transpec models
- Available in various radiuses to fit different roof curvatures
- Constructed of high strength UV/Color shift stable materials
- Available with optional adhesive sealant
