

COMPARTMENT LIGHTING

SEE, STEP, AND REACH WITH CONFIDENCE

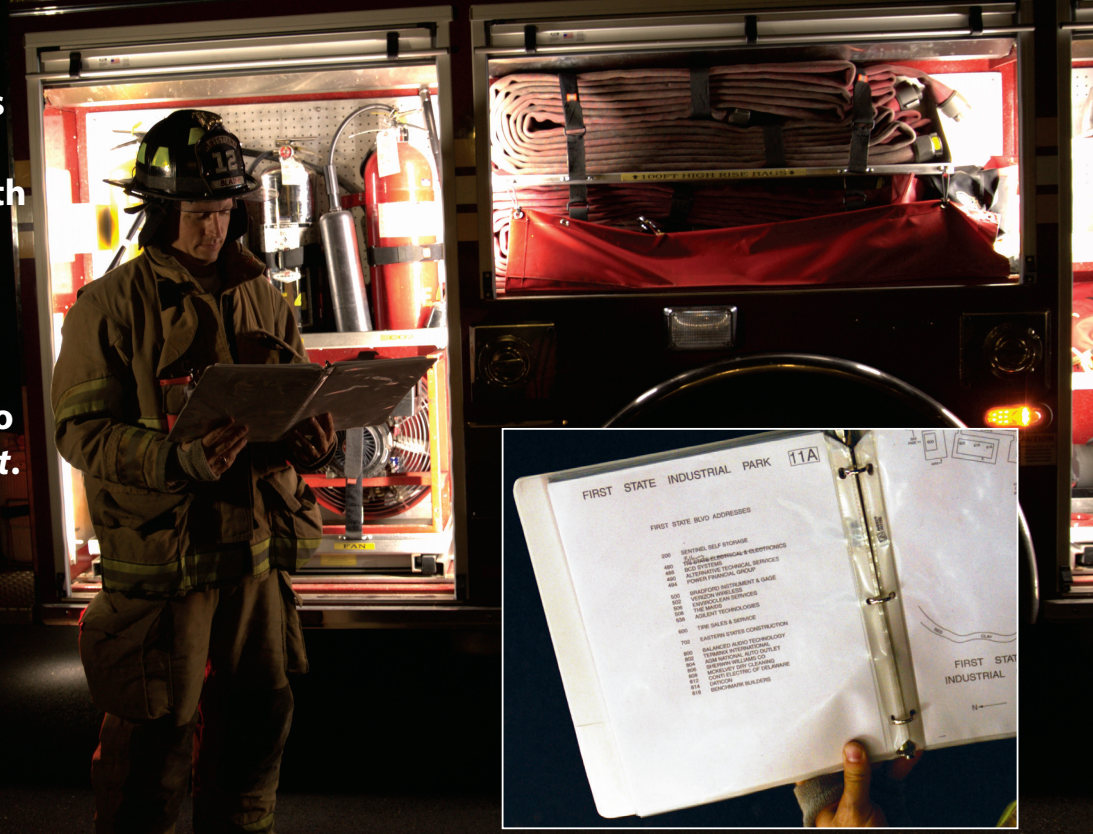

R.O.M.

A Safe Fleet Brand

The new DuroStrip™ LED compartment light allows professionals of all types to see, step, and reach with confidence.

Exceeding the NFPA 1901 recommendation, it provides sufficient light to read a map book - *at night*.

Your safety. Our concern.

All photos are non-edited and acquired using Nikon D700/Tamron SP 24-70mm/24mm. Upper photos are f/2.8 DIVC USD/ ISO 1250/f2.8 @1/25 sec.

Reduce night time eye strain with the most useable compartment light available.

USEABLE LIGHT

The most useable compartment light - enough to read from. 250 lumens/foot. Exceeds NFPA 1901. LED color = White, White/Red, White/Blue (call for part IDs)

MODULAR

Sold in 6" increments up to 96"

SHOCK AND VIBE

Rough roads, potholes, and day-to-day jarring are no match for the solid state electronics. Tested to military standards (MIL-STD-810-A)

EXTREME TEMP

Certified operation between -30° and 130°

BATTERY POWERED

12 / 24 VDC. 0.33 amps/foot at 12.8 VDC. 0.17 amps/foot @ 25.6 VDC

SALT SPRAY

1,000 hour testing with no corrosion

MOISTURE

Waterproof design withstands 30-minute submersion test while operating (IP67). Versatile enough to be used inside or outside the compartment

WARRANTY

7-year warranty

- Works with all ROM doors
- Installs in any compartment
- Easy to retrofit, inside compartments without roll up doors

COMPARTMENT LIGHTING

SEE, STEP, AND REACH WITH CONFIDENCE

R.O.M.

A Safe Fleet Brand

As a tow operator, you're constantly straining to see, step, and reach in low light conditions.

Improve your confidence by retrofitting your compartments with the ROM DuroStrip™. See more. React with confidence.

Your safety. Our concern.

All photos are non-edited and acquired using Nikon D700/Tamron SP 24-70mm/24mm. Upper photos are f/2.8 DIVC USD/ ISO 1250/f2.8 @1/25 sec.

The ROM DuroStrip™ provides enough light to read the serial number from this \$5 bill at night.
