

360° Fisheye IP Camera

Playback Reference Guide

The Safe Fleet high definition interior 360° fisheye IP camera is an ideal camera complement for video surveillance systems with dedicated fixed view cameras.

Providing HD quality, wide field-of-view images for interior vehicle applications, this camera allows you to choose the view format best suited for your needs.

Panorama View from Rear 360 Placement (Ceiling)

Choose the views that work best for your needs

Review panoramic or PTZ dewarped footage by selecting the camera view of choice in the Safe Fleet video playback software, Evidence Manager.

Using PTZ (Pan, Tilt, Zoom) mode, you can select up to three different dewarped views which are displayed in separate quadrants during playback.

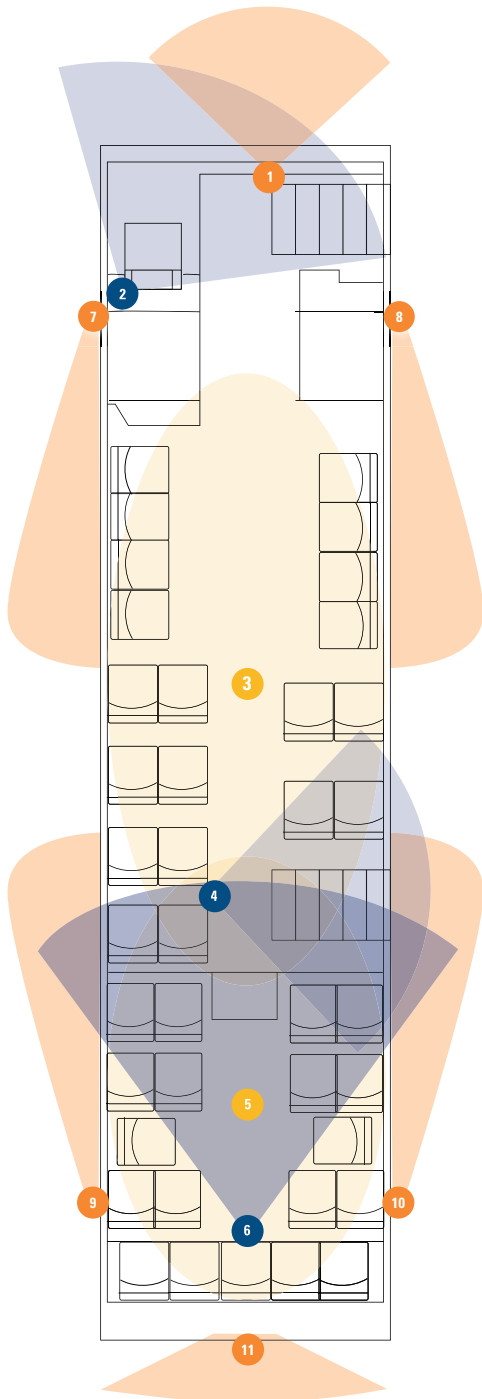

PTZ (Pan Tilt Zoom) View from Rear 360° Placement (Ceiling).
Easily redact footage as necessary with Safe Fleet Evidence Manager.
