

Driving Safety Forward™

YOUR ONE STOP SAFETY SOLUTION PROVIDER for Connected School Bus Cameras, Integrated Connectivity & Illegal Passing Systems

CAPTURE

Capture everything that happens onboard your bus – without fail. **Get clear views in hard-to-see areas and resolve problems quickly.**

INVESTIGATE

Find, review and create clips for sharing, complete with GPS, speed, turn signals and other vehicle telemetry data. **Get to the truth faster.**

MANAGE

Know the status of your system at a glance and manage evidence chain of command with advanced security and privacy settings. **Stop Arm violation enforcement.**

SAFETY

Help prevent accidents and injuries at the stop. **Protect students from illegal passing and improve driver visibility.**

FLEET VIDEO SYSTEMS

Never miss a thing that happens on or around your bus. Reliably capture and store detailed, clear and instantly insightful data for accurate event response.

Automatic Video Upload

No more pulling media files

Evidence Management Systems

Manage your digital evidence on a single platform

Recorders

Capture reliable, defensible evidence

School Bus Surveillance Systems

Improve student safety and risk mitigation from every angle

Safety Cameras

Get clear views to resolve incidents quickly

Live Video Streaming

Monitor real-time, onboard activity from anywhere

School Bus Parent Information

Streamline school and parent communications

THE CONNECTED BUS

The Connected Bus is **CLOUD CONNECTED** through Wi-Fi or Cellular, providing back-office insight for improved student safety and route operations.

School Bus Routing Operations & Planning

Optimize routes and student assignments, track vehicles and students in real-time, manage planned versus actual and capture and publish route info with existing GPS data

Live GPS Tracking

Improve safety with real-time bus location information

Vehicle Inspections (DVIR)

Flag, repair and return vehicles to service efficiently

Driver Navigation and Tablet

Deliver turn-by-turn directions and student ridership lists

Student Ridership Tracking

Know where your students are

DANGER ZONE SAFETY

Predictive Stop Arm™

Proactively protect students from stop arm violations with audible alerts

ILLEGAL PASSING SUITE

The most comprehensive approach to keeping kids safe outside the bus. These systems work together to:

- 1) Improve Bus Visibility
- 2) Proactively keep students from danger and
- 3) Reinforce best driver behaviors.

Automated Stop Arm Cameras

Capture high-definition video of illegal passbys

High-Visibility Backlit Stop Arm

Increase awareness the bus has stopped and students are loading/unloading

Driver Alert Device

Caution traffic when bus is about to stop or loading students

INCREASED VISIBILITY

WIRELESS CONNECTIVITY

Smart Reach® Hotspot™

Turn your school bus into a mobile classroom

Smart Reach All-in-One Router

Gain on-board Wireless Connectivity to Connect your bus

Take Student Safety to Another Level

Be pro-active to reduce the chance
of injury outside the bus
