

High-Definition Tilt Series Cameras

Rugged Multi-Use Camera with 18 IR LED's

This camera meets the demands for the various applications inside and outside of Waste & Recycling vehicles. The visor and built-in IR LED's ensure delivery of optimal images despite any challenging lighting environments that may be encountered. In addition to the standard offering, the camera is also available in various pre-configured offerings such as for backup (reverse) operations. This reflects a horizontally-mirrored image and overlaid grid lines.
