

TRANSIT INFOTAINMENT SYSTEMS

Enhance on-board safety and passenger experience

Increase Passenger Awareness

Improve On-board Experience

Earn Additional Revenue

Improve Safety

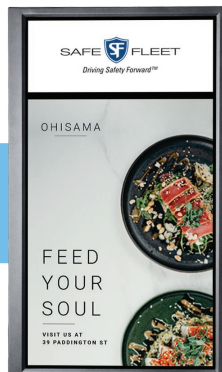

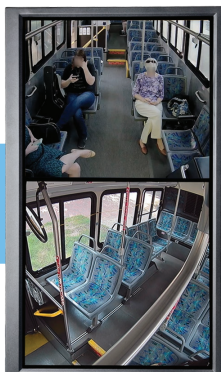

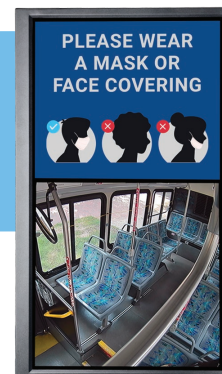

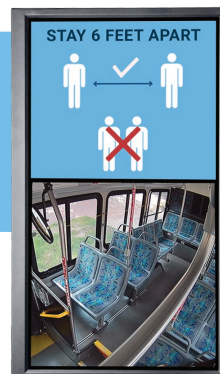

Provide Real-time Updates

- Communicate COVID-19 related messages to ensure safe rides
- Advertise for supplemental revenue
- Content can be swapped out at a moment's notice

- Change content through the media player (or present dynamic content through an easy-to-use media player)
- Dynamic content is uploaded when bus establishes Wi-Fi connection

Communicate information about safe rides, including mask requirements, sanitation schedules, or social distancing recommendations.

Share live stream of bus cameras or advertisements to earn supplemental revenue.
