

IT'S ABOUT BEING PATROL-READY TO

CAPTURE THE EVIDENCE **& SECURE THE TRUTH**

WHAT DOES ***PATROL READY***
MEAN FOR YOUR AGENCY?

SAFE  FLEET

REVIEW PRODUCT
SPEC SHEETS

The patrol vehicle is a mobile office, making it critical for officers to access, upload and manage evidence in the field. That’s why Safe Fleet developed the FOCUS mobile video platform improving officer safety, awareness and efficiency through vehicle intelligence (VI).

ENHANCE OFFICER SAFETY. BOOST EFFICIENCY. BUILD PUBLIC TRUST.
ENSURE YOUR AGENCY IS PATROL-READY.

Automated License Plate Recognition (ALPR)

Running in the background of an existing Safe Fleet In-Car System, the Safe Fleet Automated License Plate Recognition system notifies officers of hotlist matches as they occur, for increased situational awareness, response time, better decision-making and community safety.

In-car Video

Capture on-scene evidence for an un-biased view of events as they occur with the FOCUS In-car Video System, an ‘edge computing’ inference engine, that supports applications for immediate notifications.

Connected Body Camera

Capture evidence wherever an officer goes with the reliable FOCUS Body Camera with full-shift recording and LTE connectivity for increased officer and community safety.

FOCUS View App

Access key body camera functionality like playback and event tagging at the scene, from your mobile data terminal for increased officer and evidence management efficiency.

Holster Activation

Automatically activate your body camera the moment you unholster your firearm, taser or pepper-spray canister and ensure you never miss a single second of evidence.

Cloud Storage

Securely manage your digital evidence with ease on a secure and scalable platform.

Digital Evidence Management System

Manage all digital evidence generated by body cameras, in-car and other camera systems as well as third-party integrations in a secure, easy-to-use and reliable cloud-based platform.

Interview Room

Capture, record and manage interview events, reliably and securely.

Violation Detection Systems

ALPR, SAVES, & ClearLane
Automated systems like ALPR, SAVES, and ClearLane help law enforcement detect violations, compile evidence, and streamline ticketing – without added strain.
See the Violation Detection section for details.

Connected Officer.

Connected Agency.

DIGITAL EVIDENCE MANAGEMENT

COLLECT, CATALOG & SHARE EVIDENCE – EASILY AND SECURELY

Manage digital evidence generated by body cameras, in-car systems, interview rooms and other sources as well as third-party integrations in an easy-to-use and reliable, cloud-based platform.

Manage your evidence in a system designed to think and work the way officers do.

Safe Fleet® Nexus™ simplifies managing, searching, handling, and sharing digital evidence, making it safer and faster. Nexus, powered by Microsoft Azure Government, ensures compliance with public safety standards like CJIS and SOC2.

Its full geo-redundancy eliminates the risk of lost evidence. Plus, the powerful search engine quickly finds evidence from over 20 data points with minimal effort.

Streamline Sharing

Increase Productivity

Timely Updates

Access evidence on any network from anywhere, anytime

VIOLATION DETECTION SYSTEMS

Safe Fleet helps law enforcement automate violation detection and evidence collection to enforce safety laws more effectively with fewer resources.

The Safe Fleet Stop Arm Enforcement System (SAVES) enables law enforcement and schools to protect students without added workload.

- Improves student safety outside the bus.
- Reduces manual enforcement demands.
- Supports collaboration between schools and law enforcement.

Safe Fleet ClearLane (ABLE) improves safety and traffic flow, reducing congestion and accident risk.

- Enforces dedicated bus lane bylaws.
- Improves transit efficiency and reduces congestion.
- Cuts need for additional enforcement staff.

WHY SAFE FLEET?

Safe Fleet knows fleets. We know Law Enforcement. And we know fleet safety and efficiency. We've been developing and delivering solutions that meet the needs of fleets for the better part of 50 years. Our customers and the

systems they rely on day-in, day-out to protect them, protect those around them, and enhance their ability to do their jobs are testament to the durability and reliability we offer in every product that bears the Safe Fleet name.
