

FLEET TRACKING
& PERFORMANCE

**Get Everything
you Need to Stay
Connected and
Manage Daily
Routes Safely
and Efficiently
in one Place**

The World's Most Advanced School Bus Fleet Management and Performance Systems

TRACKING

Know where your students and buses are now.

- **Live GPS Tracking** – Pinpoint the exact location of any bus in your fleet for rapid and accurate response to emergency events
- **Student Ridership Tracking** – Know where students are for increased student safety
- **School Bus Parent Information App** – Let parents check when the bus/student is scheduled to arrive/depart

SAFETY

Be confident your buses are in tiptop shape and students are safe onboard.

- **Vehicle Inspection** – Flag, repair and return vehicles to active service in record time
- **Live Video Streaming** – Get access to live camera feeds while the bus is rolling

PERFORMANCE

Stay on top of everything happening on your fleet.

- **Wi-Fi Video Downloads** – Enable automatic video downloads for instant access to the data you need without leaving your desk
- **Live Gps Map/Reports** – Find, review and create clips for sharing, complete with GPS, speed, turn signals and other vehicle telemetry data

ROUTING

Manage your school transportation operation for maximum efficiency and on-time arrivals.

- **Driver Navigation** – Guide drivers through every step of their daily route with routing directions
- **Route Optimization** – Optimize routes and student assignments, track vehicles and students, manage planned versus actual routes and make adjustments based on real data
- **Route Operations** – Easily capture and publish accurate route information using existing GPS data
- **Field Trip Planning** – Centralize and control field trip planning, including field trip requests, bus and driver assignments, permit printing and billing and payroll

CONNECTIVITY

Plug in to onboard activity and help students stay connected.

- **Wi-Fi Hotspot** – Turn your school bus into a mobile classroom
- **Wireless Router** – Connect your bus to the cloud with an All-in-One Router and enable key Safe Fleet safety and efficiency systems
 - Student Accountability and Parent Notification
 - Distance Learning
 - Student Contact Tracing
 - Vehicle Inspections
 - Video Downloading
 - Live Video Streaming
 - System Health Checks
 - Predictive Stop Arm
 - Navigation
 - Routing

Take School Bus Fleet Management and Performance to Another Level

Optimize your Fleet and Your Routes to be More Efficient and Safe
