

SCHOOL BUS  
SAFETY & SECURITY

## ADVANCED VIDEO & SAFETY SYSTEMS

Everything you  
need to keep  
students safe  
on the bus  
and at the stop

# The World's Most Advanced School Bus Camera and Illegal Passing Safety Systems

## CAPTURE

Cameras, Recorders and Storage capture everything that happens on board your bus – without fail.

- Get clear views in hard to see areas and resolve problems quickly
- Never miss a thing that happens on or around your bus
- Get access to live camera feeds while the bus is rolling

## INVESTIGATE

Find, review and create clips for sharing, complete with GPS, speed, turn signals and other vehicle telemetry data.

- Get to the truth faster with real data on what really happened
- Find, review and share video footage with ease
- Enable automatic video downloads for instant access to the data you need

## ADDED SAFETY TECH:

Only Safe Fleet can load up your school bus with the most advanced safety tech to help prevent injuries and make your big yellow bus even more visible:

- Predictive Stop Arm
- 360 Bird's Eye View
- Crossing Arms
- Driver Alert
- New Back-lit High VIZ Stop Arm
- Strobe Light

\* Available with new bus delivery or after-market through our extensive dealer network.

## MANAGE

Make sure everything is running as expected so your video is there when you need it.

- Know the status of your system at a glance with video system health
- Manage evidence chain of command with advanced security and privacy settings
- Help change motorist behavior with evidence packages for automated ticketing/stop arm violation enforcement

## SAFETY

Give drivers better visibility and help prevent accidents and injuries at the stop.

- Protect students from illegal passing with advanced patented technology
- Improve driver awareness of students loading or unloading
- Ensure full bus driver line of sight to children crossing the street

# Take Student Safety to Another Level

Be pro-active to reduce the chance of injury outside the bus
