

Safe Fleet Cloud Courier

Share Video Evidence Instantly. Securely. Without Hassle.

Share video evidence quickly, easily and securely with external stakeholders and professionals without the need for proprietary software.

Cloud Courier integrates with Nexus to deliver fast, secure video evidence sharing – no proprietary software required.

Upload files, make them instantly available, and manage the full lifecycle of your evidence – from video request to secure storage and sharing – with unmatched speed and with unmatched speed and simplicity.

Just a few clicks and your video is on its way to the right people.

WHY CLOUD COURIER:

SPEED:

Share videos in minutes, not days.

SECURITY:

End-to-end encryption and full audit trail.

CONTROL:

Customizable permissions and automated expiration.

SIMPLICITY:

No extra software, no complex steps.

Benefits of Safe Fleet Courier:

When an incident occurs, every second counts. With Cloud Courier, transportation directors can share critical footage in minutes.

Secure Access

Keep sensitive video evidence protected with encrypted storage and secure sharing directly within Nexus.

Controlled Access

Easily manage who can view, download, or access videos and files – and for how long – with customizable permissions.

Efficient Evidence Management

Organize, store, and retrieve video files effortlessly, reducing manual processes and improving operational efficiency.

Automated Expiration Controls

Set expiration dates to automatically restrict access and support retention policies with minimal effort.

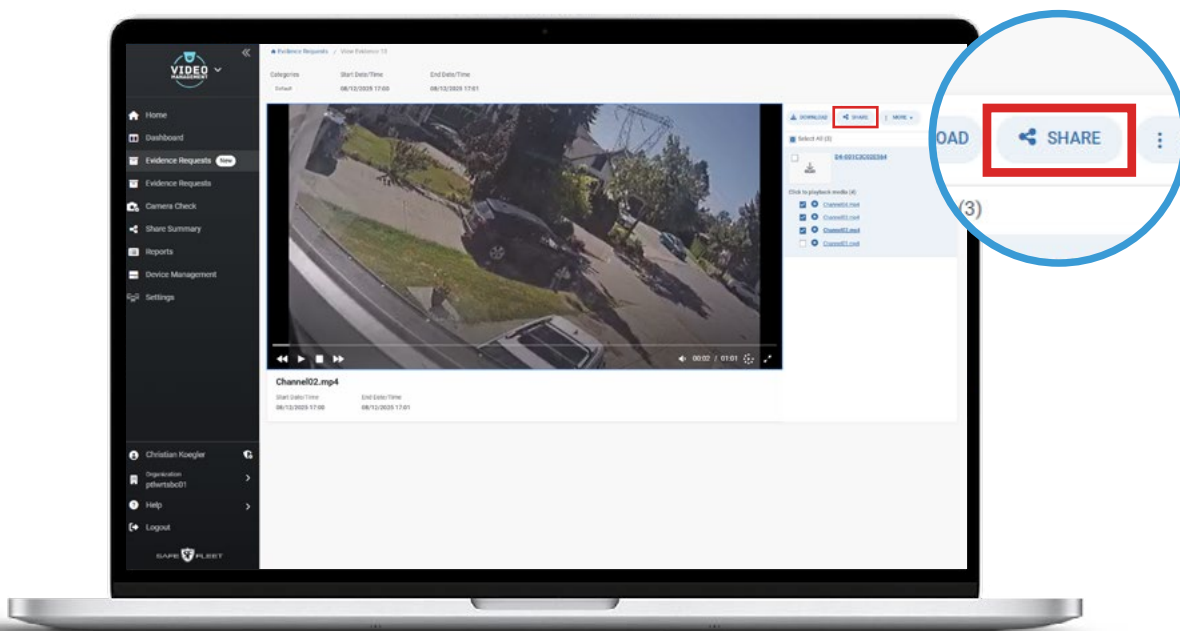

Complete Visibility into Usage

Track viewing activity and access history to ensure accountability and maintain a full audit trail.

Share video evidence with external stakeholders and professionals faster and easier than ever before.

Optimize your operation with streamlined workflows, eliminate unnecessary costs and get your evidence into the hands that need it - within minutes, not hours or days.
