

Student Contact Tracing

Help Protect your students from the risk of COVID-19

Access the information that enables you to respond quickly and accurately to emerging situations and increase student safety.

- Know which bus and specific routes are affected
- Access contact details for bus passengers at risk

Know each bus, route and the contact details of everyone at risk for increased response times and enhanced safety.

Increased Student Protection

Better protect students on the bus by implementing the tools to enable responsive action.

Comprehensive Solution Offering

Brings the value of video, fleet management, wireless, routing and parent notification together for a well-rounded solution designed to improve student safety.

Supports Video Integration

Make use of optional video integration to gain additional peace-of-mind by being able to see what happened on the bus and who came in contact with whom.

SEND AUTOMATED
NOTIFICATIONS
TO PARENTS

Automated phone notifications
(Contact details available for individual phone calls)

Critical Aid:

- Contact Tracing is a critical aid in helping a school district respond with speed and accuracy to situations as they unfold.

Risk Mitigation:

- The ability to integrate video provides a school district with increased peace-of-mind in seeing whether seating plans were adhered to and if additional potential risk/contact was made with students and/or vehicle operators.
