

VIDEO RECORDERS BUILT FOR TRANSIT

DEPENDABLY CAPTURE VIDEO EVIDENCE IN DEMANDING MOBILE ENVIRONMENTS.

Safe Fleet video recorders are designed and Tested Tough to meet the demands of passenger transportation. They go the extra mile, outlasting and outperforming other recorders on the market, dependably capturing video in challenging mobile environments.

BUILT FOR LASTING VALUE

Quality workmanship and skillful design, mean our recorders outlast and outperform, delivering superior value over any other mobile video provider.

TESTED TOUGH

Shock and vibration tested against specific SAE and MIL standards to outperform in the most rugged, mobile environments.

RELIABLE RECORDING

Trust in knowing your video is always recording. Proven technology has your back, ensuring footage is there when you need it most.

WIDE-RANGE OF OPTIONS FOR EVERY TRANSIT NEED

Recorder options for as many camera views, standard or high resolution, as your budget, safety needs and vehicle types dictate.

SECURE STORAGE OPTIONS

With a locked storage cartridge, tamper-proof design and storage capacities up to 4TB (8TB on dual drive models), you can securely store video as long as you need it.

ACCESS FOOTAGE WHEN YOU NEED IT

Wi-Fi-ready digital video recorders let you access your evidence without leaving the office.

Progressive Recorders that Reliably Deliver Video When You Need it

Choose from a wide range of recorders with market-leading technology to match your vehicle and passenger transportation safety needs.

HYBRID	NVR
Supports both analog HD and IP cameras	Supports IP cameras
Records in high resolution	Records in high resolution
Flexibility of adding any combination of analog and HD cameras	No conversion of signal between camera and recorder
Simple programming interface	Requires additional IP networking and programming
	Simple programming interface
