

ThruView Assist™

Blind Spot Collision Prevention System

Reduce A&B Pillar Blind Spots
that lead to collisions.
Improve Driver Visibility

- Increase Safety
- Reduce Liability
- Seamless Integration

Increase the safety of pedestrians, cyclists and other motorists by having full, seamless visibility to everything on the other side of the A&B Pillars.

Reduce Accidents and Liability

Reduce blind spots caused by the A&B Pillars which account for more than 54% of accidents and collisions with pedestrians, cyclists and vehicles

Immediate Driver Uptake

Seamless design blends into existing bus structure enabling a complete and natural view from the driver's seat and an almost instant familiarity with the solution

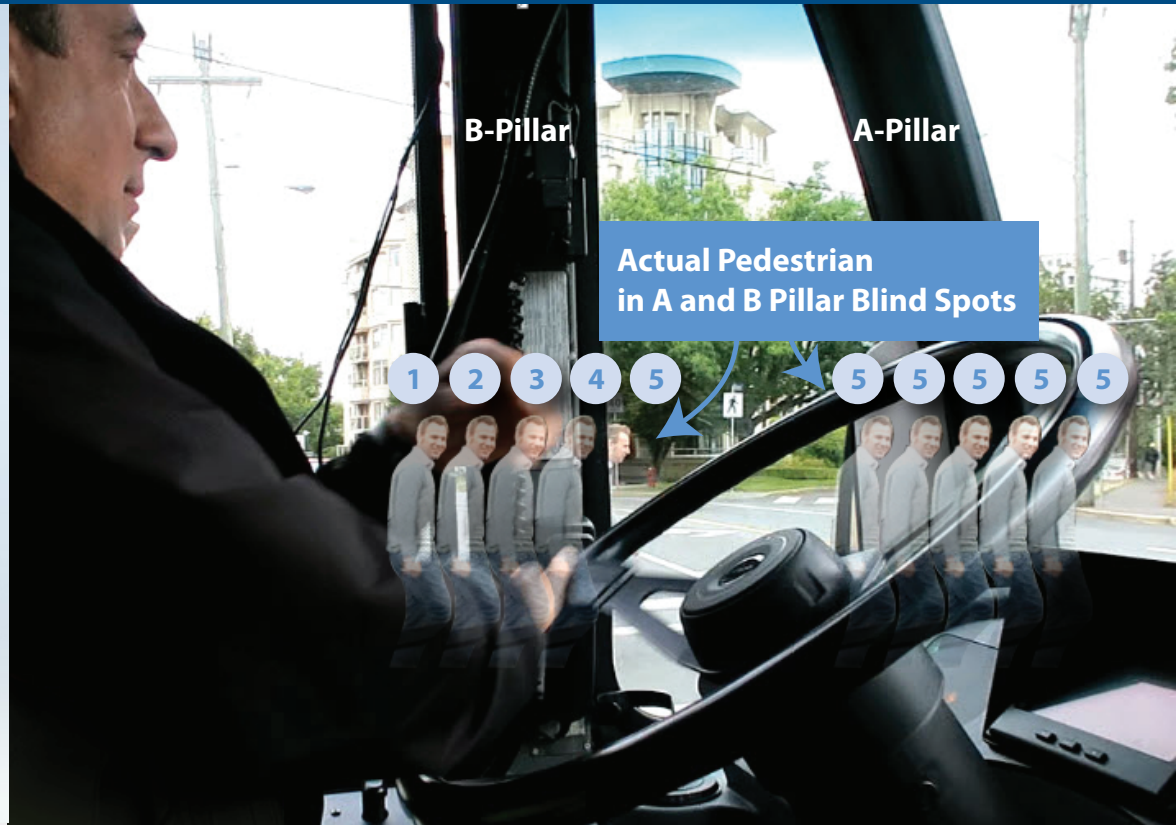

Realize Benefits Immediately

A&B Pillars "virtually disappear" and drivers gain a clear and seamless view of their surroundings instantly

Driving Safety Forward™

Reduce A&B Pillar Blind Spots

Reduce A&B Pillar Blind Spots

Help bus operators reduce the blind spots caused by the A&B pillars, which block operator vision and account for more than 54% of accidents and collisions with pedestrians cyclists and vehicles.

Designed to Seamlessly integrate with the A or B Pillars

Available in two options: one option designed to address the specific challenges of the A Pillar, the other option designed for the B Pillar.

Quality Engineered to withstand Harsh Conditions

Designed for high-reliability, in-vehicle applications. Suitable for most uses under extreme temperature, mechanical shock and vibration environments where consistent operation is required.
